Good News.—If you want cheap home-made furniture, call on Charles Oswald, at his new Furniture store.

LOUISVILLE COURIER-JOURNAL.—The Louisville Journal and Louisville Courier have been consolidated, and are now published under the style and title of the Louisville Courier-Journal.

Henry Waterson, takes the editorial management of the new paper, assisted by George D. Prentice, and other able writers. The combination of these two old and successful presses ought to produce a superior and powerful organ, assuming as it does at once, a circulation and influence enjoyed by but few papers out of New York city.

INSURANCE AGENCY.—By reference to the advertisement of Judge Samuel Landrum, it will be seen that the companies represented by him have assets over and above their respective capitals to the amount of \$58,365,882 57. A larger amount of capital was doubtless never before represented by one agency. It will also be seen that the old reliable Company, the Home Fire and Marine of New York, has recently been added to the list of companies represented by him. We would advise all our friends who want safe and reliable insurance, both life and fire to give Judge Landrum a call and procure a policy that in case of loss is good for what it calls for.

THE METEORS.—Astronomers predict for us a flight of meteors on to-night or to-morrow night, and we understand a number of our citizens intend keeping "watch" for the scene. It is to occur between sun-set and sun-rise, and we expect but few will keep such long vigil, but we trust some will keep reasonable watch for the promised spectacle, for it would be mortifying to have a magnificent display, like that of 1833, blushing the mid-night heavens over our slumbering and unappreciating eye-lids.

KENTUCKY CONGRESSMEN.—We have intelligence of the election of the following gentlemen to the Forty-first Congress:

First District.—L. S. Trimble.  
Second District.—W. N. Sweeney.  
Third District.—S. Callaway.  
Fourth District.—J. Proctor Knott.  
Fifth District.—Roy Winchester.  
Sixth District.—Thomas C. Sweeney.  
Seventh District.—James B. Beck.  
Eighth District.—George M. Adams.  
Ninth District.—John M. Rice.

Those indicated by an asterisk (\*) served in the last Congress. This is the first time Kentucky has ever had a delegation of one party. It now presents a bold, defiant and unbroken front against Radicalism.

OFFICERS FOR HICKMAN LODGE, No. 96, I. O. G. T.—The following is the list of officers for 9th quarter, 1886: John C. Steele, W. C. Helen Simpson, W. V. T. S. N. White, P. W. C. W. J. Oakes, Sec'y; T. R. McMahon, F. S. E. Case, T. J. Young, S. J. W. Cole, G. T. J. Lane, M. J. Jesse McMahon, R. H. S. Mrs. M. Holt, L. H. S. and P. Cusick, L. D.

WEAKLEY COUNTY, KY. KILX.—Walker, the registration commissioner of Weakley county, Tenn., has been visited by a squad of men supposed to be Ku Klux. The old gentleman was at prayers when the door was opened by the ghostly beings. In order to have a little fun, and to see what effect it would have upon him, they burned his registration books. No other damage was done, but a few threats were made.

PROMPTNESS.—Persons having Furniture, repaired can save time and money by calling at Oswald's Furniture Manufacturer.

ALDEN, the carpenter, Mayor of Nashville, with others from that city, are now below this place on Redfoot lake, enjoying themselves hunting and fishing. The Tennessee State Courts have enjoined him from exercising any official functions by reason of his personal situation, and he seeks enjoyment and protection in Democratic Kentucky, while the Supreme Court of Tennessee has the case under consideration.

A READING ROOM.—Some friends request us to suggest to the citizens of Hickman, and vicinity, the propriety and beneficial results which would arise from the establishment of a reading room in this place—which in a commercial point of view, and also, as a source of entertainment to all classes of the community are self-evident. The only way to effect the object, would be to obtain a room of sufficient size, and employ some one to keep the papers, magazines, etc., regularly filed, the members paying a small perquisite to the party taking charge of it. By so doing, and receiving the contributions of individuals in books, papers, and periodicals, a very excellent news-room could be formed.

In a small community, where there are few amusements of a public character, the long, dull nights would be made a source of enjoyment and agreeable recreation, and be truly a gratifying circumstance to strangers visiting here. There are few young men who do not throw away more money foolishly than it would require to pay their dues to such a club.

New corn is selling in this county at \$1 50 per barrel.

HICKMAN contains 567 town lots, improved and unimproved, estimated at a value of \$250,000.

FULTON county contains 72,687 acres of land. Plenty of ground unoccupied to furnish 1000 additional families good homes.

SCHUYLER COLFAX, Vice-President elect, is to be married on the 18th inst., to Miss Wade, daughter of Ben. Wade.

Congress has been adjourned to the first Monday in December.

THANK God and the Kentucky people, no Radical is elected to Congress from this State. Kentucky shows a clean bill of health.

RELIGIOUS.—There will be Episcopal services at the Baptist church next Sunday, at 10 o'clock, A. M., by Rev. N. N. Cowgill.

FLOUR AND LIME DEPOT.—The public are becoming acquainted with the advantages to be obtained in buying their flour and lime from Mallory. Flour at \$7 25 per barrel, warranted to be what he represents it, and lime at \$2, is a reduction that talks to the pockets of our people these hard times. The trading public can understand that the effort to furnish these leading articles at such reduced prices ought to be encouraged and sustained, because the margin of profit is so small that large sales must be made to justify the business.

ANOTHER OLD CITIZEN GONE.—Rev. Wm. B. Walker, Sr., one of the oldest citizens of Hickman, died at his residence in this place, on Wednesday night last, aged 61 years. The deceased was a strict member of the Methodist church, and for many years a regular minister of the gospel. To the afflicted family we extend our hearty condolence.

The Memphis Advocate declares its purpose to support Grant in its issue of the 5th.

The Federal courts are in session at Paducah, Ky. Hon. Bland Ballard, presiding.

GEN. JOSEPH E. JOHNSON and wife passed through Lynchburg, Va., Wednesday evening last, on their return trip from Europe, and en route for Montgomery, Ala.

DICK BARBER has been elected Tobacco Inspector by the City Council of Paducah. It is a fat berth, the pay ranging from \$3,000 to \$4,000 per annum.

SECRETARY SEWARD'S marriage is supposed to have been prevented by the intervention of his family against ringing that little bell.

SUICIDE OF GEN. H. E. READ.—Gen. H. E. Read committed suicide in Louisville on Wednesday the 9th inst. His name is inseparably connected with the State of Kentucky—a man pure and upright as he was brave and generous. He was born in Larue county in 1824, and was a brother of Hon. W. B. Read, representative from Larue county in the Kentucky Legislature. He was a soldier in the Mexican war, and distinguished himself at Buena Vista, Chapultepec, and other hard fought battles of the contest with Mexico. He it was who planted the flag upon the heights of Chapultepec, but in the moment of victory, he was struck down, severely wounded in several places. For this gallant act the Legislature of Kentucky presented him a sword. He commenced life as a blacksmith, but soon made a lawyer of himself. In 1861 he was the Southern rights candidate for Congress in the Fifth District, but was beaten by Gov. Cass. Wickliffe. When the late civil war broke out he went South, and was elected a member of the Confederate Congress. In the battle of the Chickasaw he carried a private's musket, and figured in other sanguinary contests in Virginia. He leaves a wife, and several children. The Courier-Journal says a sharp report of a pistol was heard in the office of Maj. Buck Allen, causing, very naturally, a little stir, and a disposition to investigate. Allen's office is a terrible sight presented itself. General Read was lying upon a sofa, stark dead, and weltering in a dark pool of his own life-blood. His left hand rested upon his bosom, while in his right hand he dropped to the side of the sofa, a Derringer pistol was tightly clutched. In the side of his head, just above the right ear, was an ugly wound where the charge of the deadly weapon had broken the skull. Pecuniary embarrassments, and the reason he assigned for the terrible act. The man who had more than once charged up to the cannon's mouth and planted his country's flag where the hostile ensign of his country's foe had waved, had not the courage to live a miserable life, or meet the frowns of kith and kin.

SMITH'S TONIC SYRUP.

BEWARE OF COUNTERFEITS! Smith Tonic Syrup has been counterfeited, and the counterfeiter brought to grief.

SMITH'S TONIC SYRUP.

The genuine article must have Dr. John Bull's private stamp on each bottle. Dr. John Bull only has the right to manufacture and sell the original John Bull's Tonic Syrup of Louisville, Ky. Examine well the label on each bottle. If my private stamp is not on the bottle, do not purchase, or you will be deceived. See my column advertisement, and my show card, and you will be satisfied.

You may be too Late.

Be warned in time. Diseases like Indigestion and Dyspepsia are the result of these matters. Inflammation, or Scirrhus Cancer, or some other dangerous disease may ensue, when all restoratives, no matter how potent, would be ineffectual. Do not delay then. When the symptoms of Dyspepsia are first experienced resort at once to the great restorative medicine, HOSTETTER'S STOMACH BITTERS, and you will be safe.

But few disorders involve greater suffering, and if not in itself immediately dangerous, it is the source of many deeply malady. Even if it did not tend to greater evil, the mental and physical misery it produces is alone a sufficient reason why no person should be spared to prevent or cure it. In no country on the face of the globe is it so completely domesticated as in our own, where it is found in nearly every household. HOSTETTER'S STOMACH BITTERS are universally conceded to be the sovereign remedy for this annoying disease, as they act directly upon the digestive organs, correct and tone the stomach, and give renewed vitality to the system. Acting delightfully on the nerves and soothing the brain, renders them efficacious as a mental medicine, as well as a general stomachic. If taken as a preventive, they will be found particularly well suited to the diseases arising from the unhealthy season of autumn, and their use will prevent the creeping, unpleasant sensation often complained of, when the chills are stealing slowly upon the patient.

##### TESTIMONY OF MEDICAL MEN.

Stoney Point, White co., Ark., May 23, '63.

DR. JOHN BULL.—Dear Sir: Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedron Bitters.

My son-in-law, who was with me in the store, has been down with rheumatism for some time, commenced on the Bitters, and he also improved.

Dr. Gist, who has been in bad health, tried them, and he also improved.

Dr. Coffee, who has been in bad health for several years—Stomach and liver affected—improved very much by the use of your Bitters. Indeed the Cedron Bitters has given you great popularity in this settlement. I think I could sell a great quantity of your medicines this fall—especially of your Cedron Bitters and Sarsaparilla. Ship me via Memphis, care of Hickman and Oswald, respectfully, C. B. WALKER.
